Programs

Flat Rock Homes is a shining light of Christ's love in northern Ohio, specifically for children and adults with intellectual and developmental disabilities and their families. Through successful resource development (approximately \$439K per year), in-kind giving, revenue provided through Medicaid program and the Medicaid waiver program (combined budget of \$9M+/year) and capital funding, Flat Rock Homes serves more than 75 children and adults in our intermediate care facility, 11 community group homes, Adult Day Support program, Vocational Training and Employment Services programs, and non-medical transportation.

High-profile supporters like First National Bank, Bellevue Hospital, the Alpha Group, The Tiffin Community Foundation, the Schlink Foundation, the Fred A. Lennon Charitable Trust, the Sisters of the Precious Blood, the East Ohio Conference of the United Methodist Church and many others have recognized and embraced the innovation taking place through Flat Rock Homes.

In 2016, Kimberly Douglas and Firefly Facilitation, a well-known strategic planning and change consulting firm in Atlanta worked with Flat Rock's joint Boards of Directors and the senior leadership team to develop an exciting three-year strategic plan and annual action plan. These plans are allowing Flat Rock Homes to use personalized methods to bring about dramatic changes in the lives of those Flat Rock Homes serves.

Church Engagement Coordinator – East Ohio Conference

In March 2017, Flat Rock Community Services began offering Vocational Training and Employment Services Programs, including job coaching, resume/application preparation, transportation and other supportive programming. This new programming—funded in part by Ohio’s Opportunities for Ohioans with Disabilities program and/or the Medicaid waiver program as well as from our generous donors—are a part of Ohio’s Employment First initiative that creates opportunities for individuals with disabilities to work and volunteer in their local communities in jobs that offer a competitive wage of minimum wage or higher (unlike sheltered workshop programs). Flat Rock’s innovative program is the only program in the state of Ohio employing residents of an intermediate care facility (ICF) in community-based jobs at minimum wage or better (instead of sheltered workshops that pay a few cents to a few dollars per hour).
