## March is Developmental Disabilities Awareness Month

In the U.S. National Developmental Disabilities Awareness Month (NDDAM) is observed each March. This class of disabilities refers to learning and behavioral disabilities, such as autism, attention-deficit/hyperactivity disorder, and impairments in physical and/or intellectual functioning such as cerebral palsy, spina bifida, and Down syndrome. World Down Syndrome Day is March 21<sup>st</sup>.

This year's NDDAM theme is ***A World of Opportunities***

***" We're celebrating people and working together to remove obstacles. Our goal is to build a community that's committed to creating a world where everyone can do well and succeed. Join us in making a world where all kinds of people have the chance to thrive.***
